THE IDEA OF THE PROGRAM IS AN  
INTERMEDIARY THAT BRINGS TOGETHER  
COMPANIES WHICH COORDINATE THE  
EVENTS AND THE CLIENTS WHICH USE THIS  
PROGRAM

*"live in the moment"*

The occasions need a lot of preparation that takes time and effort, and the client's lack of knowledge of all the places to provide these services, in addition, they do not know companies that provide these services according to their financial budget.

The client is also distracted by many of the requirements of the occasion, and faces many customers the possibility of not completing it at the specified time.
